

ETT X'Smart

Boxes & flaps cells-Automat

The ETT X'Smart locker system is perfect for dispensing bulky or large-volume items. The ETT X'Smart is also ideally suited for power tools as a control unit for the X'Locker.

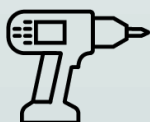

The ETT X'Smart is ideal for storing hard hats, work clothing, larger tools or other bulky items. Power tool batteries can be charged during storage so that the user can work directly with a fully charged battery.

Transparent flaps with illuminated compartments and/or compartments equipped with sockets are optionally available. The ETT X'Smart can be expanded with up to nine X'Lockers.

Only available as a control unit

Standard colour: RAL9004 signal black and RAL7040 window grey

The ETT X'Smart is made for:

Electric tools

Helmets

Abrasive material

Protective gear
